2. The essential purpose of the session is for all of us to get to know each other a little better, and to share perceptions about where the Agency is going in the future. The presentations are intended to be general enough to be of interest to every attendee, and to stimulate dialog and discussion. Presenters will be allocated no more than half the time allotted to their subject; the balance will be available for discussion. For example, one and one-half hours has been allotted for a discussion of the Implications for CIA of Continuing Third World Instability. [redacted] and [redacted] should together talk for no more than 45 minutes, allowing the balance of the time for discussion. We suggest that each group presenting a topic meet beforehand and divide the topic up as it sees fit, to set the stage for a useful and stimulating discussion. Questions concerning the substance of the sessions can be directed to me or [redacted] in my office. Questions concerning administrative arrangements should be directed to [redacted] Chief of Support DCI Admin, who will be getting in touch with each attendee directly with respect to transportation and other details.
